Marketing profile built around lifecycle communications: CRM, email marketing and lifecycle messaging are the specialisation I have chosen, and I am working through Klaviyo flows and email/CRM fundamentals on my own time to deepen the platform side. At BBVA Argentina I run day-to-day operations on the bank's CRM and resolve over 50 customer queries a week, so customer communication inside a financial product is my daily working context. I have also produced content at volume: 15 posts a month across Instagram and Facebook on Meta Business Suite over three consecutive summer seasons as Community Manager, plus conversion-oriented copy at Inmobiliatica.com written to generate enquiries rather than passive reach. Claude is already part of how I work: I built and shipped three marketing products with Claude Code, including a production platform of five live tools on the Gemini API, one of which generates campaign copy variants. I am studying Marketing at Universidad CAECE and completed a Diploma in Oral Communication and Rhetoric (UTN). I have not worked in Braze; that platform fluency would build on the CRM I operate daily and the email automation fundamentals I am already learning.

Core Competencies

- **Lifecycle communications & CRM**: chosen specialisation in CRM, email marketing and lifecycle messaging; daily operation of a banking CRM and its customer records at BBVA. Klaviyo flows and email/CRM fundamentals in active, self-directed learning, with Braze and the push, SMS and in-app side of lifecycle as the next step on that same path.
- **Copywriting short, engaging messages**: 15 posts a month planned, written and published across Instagram and Facebook over three summer seasons, and conversion-oriented posts at Inmobiliatica.com written to generate enquiries, not likes.
- **Working with Claude and other AI tools**: built and shipped three marketing products with **Claude Code**, including a 5-tool platform on the Gemini API whose copy generator returns three campaign copy variants from a brand profile. I use Claude daily for research, first drafts and reporting.
- **Comfortable with numbers**: Google Data Analytics Professional Certificate in progress (SQL in BigQuery, spreadsheets, visualisation), plus self-directed SQL practice querying and segmenting marketing and CRM datasets of customers, campaigns and purchases; built my own ecommerce analytics dashboard on real BigQuery (GA4) data with KPI tracking and trend reporting.
- **Creative assets & design**: visual content designed in Canva for local brands; basic working knowledge of Figma (self-taught). Web pages built, tested and deployed myself with Next.js, Astro and Tailwind CSS, though not email templates or landing pages inside a marketing automation platform.
- **Attention to detail, QA & basic project management**: over 100 customers guided per week and over 50 queries resolved weekly against fixed operational criteria in a regulated bank; a fixed monthly content calendar planned and held across three summer seasons, the busiest months of the year; Vitest test suites written for my own products, under a rule of never displaying a figure the code cannot verify, so nothing ships unchecked.
- **Communication craft**: Diploma in Oral Communication and Rhetoric (UTN, 2025); advanced written and spoken English, native Spanish.

Professional Experience

- **BBVA Argentina** — **Mar del Plata, Argentina**
  Gestor Express (Customer Adviser) — *2026-Present*
  - Run daily operations on the bank's CRM and internal systems, keeping customer records and interaction history accurate and correctly classified.
  - Resolve over 50 customer queries per week within the bank's fixed operational and compliance criteria, prioritising retention and customer experience.
  - Guide the migration of customers to the mobile app and online banking: over 100 customers oriented per week on digital-channel adoption.
  - Explain a financial product in plain language, face to face, to customers with very different levels of digital confidence.

- **Mar del Plata Digital** — **Mar del Plata, Argentina**
  Community Manager — *2023-2025*
  - Planned, wrote and published 15 posts per month on Instagram and Facebook (Meta Business Suite) against a fixed monthly calendar.
  - Managed social media for local brands across three consecutive summer seasons (2023, 2024, 2025), the highest-demand period of the year.
  - Designed the accompanying visual content in Canva and adapted copy to each brand's audience.
- **Inmobiliatica.com** — **Mar del Plata, Argentina**
  Digital Marketing Assistant — *2023-2025*
  - Ran social media and designed brand content for an online real-estate platform, supporting its digital communication strategy.
  - Wrote conversion-oriented posts judged on the enquiries they generated rather than on reach, and supported post promotion.

Independent Projects

- **AI Marketing Agency** (Claude Code) – production platform with 5 active tools on the Gemini API: copy generator (brand profile plus product description returns 3 copy variants), campaign-plan generator, competitor auditor, SEO optimizer and buyer-persona generator for audience definition. Next.js, TypeScript, Tailwind, Vitest, Upstash Redis, Vercel. Live.
- **Marketing Analytics Dashboard** (Claude Code) – ecommerce analytics dashboard on real BigQuery (GA4) data, with KPIs, trend view and a daily AI-generated executive summary. Next.js, BigQuery, Gemini API, Redis, Recharts. Live.
- **Vidriera** (Claude Code) – marketing news site in 6 editorial categories, built and deployed end to end. Astro, Tailwind CSS, TypeScript. Live.

Education

- **Universidad CAECE** — **Mar del Plata, Argentina**
  Bachelor's Degree in Marketing — *2024-2027*
  In progress, expected completion Dec 2027.
- **Universidad Tecnológica Nacional (UTN)** — **Argentina**
  Diploma in Oral Communication and Rhetoric — *2025*
  Aug 2025 - Dec 2025.

Certifications

- **Google Data Analytics Professional Certificate** (in progress, module 5) – SQL in BigQuery, spreadsheets, visualisation and analysis.
- **Foundations: Data, Data, Everywhere** (Google) – completed.
