Marketing professional focused on customer retention, CRM and email lifecycle marketing, with a data-driven mindset. At BBVA I run daily operations on the bank's CRM and guide over 100 customers per week through the adoption of digital channels, prioritising retention and customer experience. Three summer seasons producing content and visual assets for consumer brands add hands-on copywriting and design practice in Canva. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, visualisation) to ground segmentation and campaign decisions in evidence, and I am eager to build and optimise lifecycle email flows (Welcome, Abandoned Cart, Post-Purchase, Win-back) for scaling e-commerce brands.

Core Competencies

- **Email & lifecycle marketing** (building): keen focus on lifecycle flows (Welcome, Abandoned Cart, Post-Purchase, Replenishment, Win-back) and campaign calendars; self-study on Klaviyo and marketing automation for e-commerce.
- **Retention & CRM**: daily CRM operations focused on retention and customer experience across web and mobile banking channels.
- **Segmentation & testing**: applying spreadsheets, SQL and visualisation to read open rate, CTR and conversion, and to reason about segmentation, personalisation and A/B testing (Google Data Analytics, in progress).
- **Design & copywriting**: conversion-oriented copy and on-brand visual assets in Canva; comfortable learning Figma to design and edit email templates.
- **Tools**: CRM systems, Canva, Meta Business Suite, Google Sheets / Excel, SQL; Claude Code for drafting and iterating marketing copy and analysis.
- **Languages**: Spanish (native), English (advanced).
