Marketing professional currently employed at BBVA Argentina (Gestor Express), where I run daily operations on the bank's CRM and internal systems and guide over 100 customers per week through digital-channel adoption, with retention as the explicit success metric. I am applying from inside the bank to move into a CRM strategy role focused on the Pyme segment, bringing first-hand knowledge of BBVA's internal systems, processes and culture rather than a learning curve on the organisation itself. Three consecutive seasons managing content and social media for local brands add hands-on campaign planning and multi-channel content execution, complemented by conversion-oriented copywriting from a real-estate digital marketing role. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, data visualisation) to ground CRM and journey decisions in evidence. I have not yet worked hands-on with Salesforce Marketing Cloud or Jira, both central to this team's stack, and would build that proficiency quickly while contributing CRM operations knowledge, segmentation thinking and retention analysis from day one.

Core Competencies

- **Internal BBVA knowledge:** current employee (Gestor Express, since Jan 2026) with daily hands-on use of the bank's CRM and internal systems, its processes and its culture, an advantage a new external hire would need months to build.
- **CRM & retention operations:** manage customer interactions on the bank's CRM every day, guiding 100+ customers per week through digital-channel adoption and resolving 50+ queries per week with retention as the explicit goal.
- **Campaign planning practice:** three consecutive summer seasons planning monthly content calendars and publishing multi-channel campaigns across Instagram and Facebook (Meta Business Suite) for local brands.
- **Data-driven decisions** (in progress): SQL, spreadsheets and data visualisation via the Google Data Analytics Professional Certificate, applied to move CRM and marketing choices from intuition to evidence.
- **Conversion-oriented copywriting:** wrote posts for an online real-estate platform judged by enquiries generated, the same "does it convert" standard a CRM journey is measured against.
- **Martech stack** (building toward): daily practice on banking CRM systems today; have not yet operated Salesforce Marketing Cloud or Jira professionally, disclosed honestly rather than implied, with a fast learning curve given the adjacent CRM background.
- **Languages:** Spanish (native), English (advanced).

Professional Experience

- **BBVA Argentina** **Mar del Plata, Argentina**
Gestor Express (Customer Adviser) *2026-Present*
 - Run daily operations on the bank's CRM and internal systems, keeping customer records and interaction history accurate for follow-up and retention actions.
 - Guide customers' migration to the mobile app and online banking: over 100 customers oriented per week on digital-channel adoption.
 - Resolve over 50 customer queries per week, prioritising retention and customer experience as the core success measure.
- **Mar del Plata Digital** **Mar del Plata, Argentina**
Community Manager *2023-2025*
 - Managed social media for local brands across three consecutive summer seasons (2023, 2024, 2025).
 - Built monthly content calendars and planned, scheduled and published 15 posts per month on Instagram and Facebook via Meta Business Suite.
 - Designed visual content in Canva aligned to each brand's identity.

- **Inmobiliatica.com** **Mar del Plata, Argentina**
2023-2025
 - *Digital Marketing Assistant*
 - Supported the digital communications strategy of an online real-estate platform.
 - Produced conversion-oriented content: posts designed to generate enquiries, not just likes.

Education

- **Universidad CAECE** **Mar del Plata, Argentina**
2024-2027
 - *Bachelor's Degree in Marketing*
In progress, expected completion Dec 2027.
- **Universidad Tecnológica Nacional (UTN)** **Argentina**
2025
 - *Diploma in Oral Communication and Rhetoric*
Aug 2025 - Dec 2025.

Certifications

- **Google Data Analytics Professional Certificate** (in progress) – SQL, spreadsheets, data visualisation and analysis.
- **Foundations: Data, Data, Everywhere** (Google) – completed.
