[LinkedIn](#) · Hybrid (Mar del Plata office) · Spanish (native), English (advanced)

Data-driven marketing professional working at the intersection of CRM operations and analytics, currently completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, data visualisation). At BBVA Argentina I run daily operations on the bank's CRM and internal systems, resolving over 50 customer queries per week and guiding more than 100 customers weekly through digital-channel adoption, translating technical detail into plain-language guidance under deadline pressure. My background is in CRM, retention and marketing execution rather than paid media buying, and I am looking to build toward campaign strategy and client-facing reporting, bringing rigorous, evidence-based habits and spreadsheet-based analysis to a full-funnel media environment. I am based in Mar del Plata, where DEPT has an office, so the hybrid setup for this role fits me directly.

Core Competencies

- **Data-driven reporting & analysis:** Excel, SQL and data visualisation (Google Data Analytics Professional Certificate, in progress) applied to operational and CRM performance metrics.
- **CRM & client operations:** daily management of BBVA's CRM and internal systems, retention-focused problem solving under fixed deadlines, over 50 customer resolutions per week.
- **Translating complexity for non-technical audiences:** guiding over 100 customers per week through digital-channel migration, converting technical steps into clear, actionable guidance.
- **Marketing execution background:** three consecutive seasons as social channel lead, working to fixed content calendars and reviewing results to adjust the next cycle.
- **Communication:** advanced English, ready for daily work with a team abroad; UTN diploma in Oral Communication and Rhetoric.
- **Learning agility:** combining a full-time client-facing role, a Marketing degree and the Google Data Analytics certificate in parallel.

Professional Experience

- **BBVA Argentina** **Mar del Plata, Argentina**
Gestor Express (Customer Adviser) *2026-Present*
 - Run daily operations on the bank's CRM and internal systems, processing high volumes of customer data accurately and to deadline.
 - Resolve over 50 customer queries per week, managing my own workflow and prioritising retention and customer experience.
 - Guide over 100 customers per week through migration to the mobile app and online banking, translating technical steps into clear, simple language, the same skill needed to explain performance data to non-technical stakeholders.
- **Mar del Plata Digital** **Mar del Plata, Argentina**
Community Manager *2023-2025*
 - Owned social channel execution for local brands across three consecutive summer seasons (2023, 2024, 2025), working to a fixed content calendar and monthly targets.
 - Reviewed reach and engagement per post in Meta Business Suite and used the results to adjust the next cycle's content, an early version of the measure-then-optimize loop this role runs on media performance.
 - Produced and organised creative assets in Canva for multiple brands in parallel, keeping formats, copy and versions consistent.

- **Inmobiliatica.com** **Mar del Plata, Argentina**
2023-2025
 - *Digital Marketing Assistant*
 - Contributed to the marketing team of an online real-estate platform on its digital communications strategy and the promotion of listings on social channels.
 - Produced conversion-oriented content: posts built to move prospects from awareness to enquiry, not just likes, an early instinct for the full-funnel thinking this role runs on media.

Education

- **Universidad CAECE** **Mar del Plata, Argentina**
2024-2027
 - *Bachelor's Degree in Marketing*
In progress, expected completion Dec 2027.
- **Universidad Tecnológica Nacional (UTN)** **Argentina**
2025
 - *Diploma in Oral Communication and Rhetoric*
Aug 2025 - Dec 2025.

Certifications

- **Google Data Analytics Professional Certificate** (in progress) – SQL, spreadsheets, data visualisation and analysis.
- **Foundations: Data, Data, Everywhere** (Google) – completed.
