Marketing professional focused on customer retention and lifecycle, with a data-driven mindset. At BBVA I run daily operations on the bank's CRM and guide over 100 customers per week through digital-channel adoption, prioritising retention and long-term customer relationships. Three seasons planning content calendars and writing conversion-oriented copy add hands-on practice in segmentation, QA and campaign execution. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, visualisation) to tie retention decisions to metrics rather than intuition, and I am actively learning Klaviyo right now, building toward hands-on email flow and campaign execution for post-purchase, win-back and VIP lifecycle stages.

Core Competencies

- **Retention & lifecycle:** daily CRM operations focused on retention and customer experience; strong interest in welcome, post-purchase, cross-sell, win-back and VIP flows, currently building hands-on Klaviyo skills to execute them.
- **Segmentation & customer data:** interest in grouping customers by behaviour and lifecycle stage, built on daily exposure to customer records and interactions at BBVA; SQL, spreadsheets, visualisation and analysis applied to marketing decisions (Google Data Analytics, in progress).
- **Copywriting & campaign calendar:** content-calendar planning, QA and conversion-oriented copywriting across Instagram and Facebook, owning each piece from brief to publish.
- **Reporting & metrics:** read and explain open rate, CTR, conversion and retention in spreadsheets, without hiding behind platform attribution.
- **Tools:** Klaviyo (in active, self-directed learning), CRM systems, Meta Business Suite, Canva, Google Sheets / Excel, SQL.
- **Languages:** Spanish (native), English (advanced).
