Digital marketing specialist with three seasons of hands-on social media management and content execution for local brands. I plan content calendars, create and schedule posts on Instagram and Facebook through Meta Business Suite, and engage with audiences to build brand awareness. At Inmobiliatica I wrote conversion-oriented content, posts designed to generate enquiries rather than likes, and at BBVA I run daily CRM operations and guide over 100 customers per week through digital channels. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, data visualisation) to read performance metrics, build reports and make recommendations backed by evidence rather than intuition. Marketing student at Universidad CAECE, advanced English, fully set up for remote collaboration with designers, developers and stakeholders.

Core Competencies

- **Social media marketing:** content calendar planning, content creation, scheduling and publishing on Instagram and Facebook via Meta Business Suite; community engagement and comment and message handling across brand accounts.
- **Campaign planning & execution:** organic digital campaigns for local brands, from concept and copy to publishing and follow-up, adjusting angles season after season based on what performed.
- **Conversion-oriented content:** copywriting and visual content built in Canva around a clear action for the audience, applied to an online real-estate platform where success meant enquiries, not vanity metrics.
- **Analytics & reporting** (in training): SQL, spreadsheets, data visualisation and analysis applied to marketing metrics such as reach, engagement and conversion (Google Data Analytics Professional Certificate, in progress). No professional experience yet with Google Analytics / GA4 or paid media platforms.
- **Communication & collaboration:** written and verbal communication trained through a university diploma in oral communication and rhetoric; daily coordination with clients and colleagues; advanced English for cross-functional remote work.
- **Tools:** Meta Business Suite, Instagram, Facebook, Canva, CRM systems, Google Sheets / Excel, SQL.

Professional Experience

- **Mar del Plata Digital** **Mar del Plata, Argentina**
2023-2025
Community Manager
 - Managed the social media accounts of local brands across three consecutive summer seasons (2023, 2024, 2025), the peak commercial period for the city.
 - Built monthly content calendars and planned, scheduled and published 15 posts per month on Instagram and Facebook through Meta Business Suite.
 - Created visual content and copy in Canva aligned to each brand's identity, keeping messaging and branding consistent across channels.
 - Engaged with the audience in comments and direct messages to build brand awareness and sustain community activity between campaigns.
- **Inmobiliatica.com** **Mar del Plata, Argentina**
2023-2025
Digital Marketing Assistant
 - Supported the marketing team of an online real-estate platform on its digital communications strategy.
 - Produced conversion-oriented content: posts designed to generate enquiries and leads, not just likes.
 - Handled the brand's social media accounts and content design, and supported the promotion of listings across digital channels.

- **BBVA Argentina** **Mar del Plata, Argentina**
Gestor Express (Customer Adviser) *2026-Present*
 - Guide customers' adoption of digital channels: over 100 customers per week oriented on the mobile app and online banking.
 - Run daily operations on the bank's CRM and internal systems, keeping customer records and interactions accurate.
 - Resolve over 50 customer queries per week, prioritising retention and customer experience.

Education

- **Universidad CAECE** **Mar del Plata, Argentina**
Bachelor's Degree in Marketing *2024-2027*
In progress, expected completion Dec 2027.
- **Universidad Tecnológica Nacional (UTN)** **Argentina**
Diploma in Oral Communication and Rhetoric *2025*
Aug 2025 - Dec 2025.

Certifications

- **Google Data Analytics Professional Certificate** (in progress) – SQL, spreadsheets, data visualisation and analysis.
