CRM and marketing operations profile built on daily, hands-on database work. At BBVA Argentina I operate the bank's CRM and internal systems every day, keeping customer records accurate and interactions correctly logged while handling over 50 queries per week, because in a regulated bank a wrong or duplicated record has consequences. That is the same discipline a top-of-funnel database needs: clean data, consistent criteria, no silent decay. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, data cleaning and visualisation) and I am studying Marketing at Universidad CAECE, so I read a contact list both as a dataset to be scrubbed and segmented and as a set of prospects a sales team has to convert.

Core Competencies

- **CRM operations & data integrity:** daily work inside a corporate CRM and internal systems, keeping records, contact data and interaction history accurate and up to date for downstream teams.
- **Data cleaning & segmentation:** spreadsheet-based cleaning, deduplication, standardisation and segmentation of records, applied through the Google Data Analytics curriculum and used to organise customer information at work.
- **Spreadsheets & SQL:** Google Sheets and Excel (pivot tables, lookups, filtering, formulas) plus SQL queries for pulling and cross-checking records against defined criteria.
- **High-volume, high-accuracy execution:** over 100 customers guided per week and over 50 queries resolved weekly without losing precision in what gets recorded, an operational rhythm that transfers directly to bulk list work.
- **Cross-functional communication:** translating between customers, branch teams and internal systems; Diploma in Oral Communication and Rhetoric (UTN) and advanced English for working with Sales and Marketing stakeholders.
- **Marketing context:** conversion-oriented digital marketing and content across three brands, so lead quality and segmentation are read as commercial outcomes, not just clean rows.
- **Tools:** CRM and internal banking systems, Google Sheets / Excel, SQL, Meta Business Suite, Canva, Claude Code.

Professional Experience

- **BBVA Argentina** **Mar del Plata, Argentina**
Gestor Express (Customer Adviser) *2026-Present*
 - Run daily operations on the bank's CRM and internal systems, keeping customer records, contact details and interaction history accurate and correctly classified.
 - Resolve over 50 customer queries per week, logging each case in the CRM so that the next team member picks it up from complete and reliable data.
 - Guide the migration of customers to the mobile app and online banking: over 100 customers oriented per week on digital-channel adoption.
 - Work to fixed operational criteria and compliance rules, prioritising retention and customer experience over one-off transactions.
- **Mar del Plata Digital** **Mar del Plata, Argentina**
Community Manager *2023-2025*
 - Managed social media for local brands across three consecutive summer seasons (2023, 2024, 2025).
 - Planned and published 15 posts per month on Instagram and Facebook (Meta Business Suite), on a fixed calendar with consistent naming and tracking of what was shipped.
 - Produced visual content in Canva and wrote copy aligned to each brand's audience.

- **Inmobiliatica.com** **Mar del Plata, Argentina**
2023-2025
 - *Digital Marketing Assistant*
 - Supported the marketing team of an online real-estate platform with content and digital communications.
 - Produced conversion-oriented posts designed to generate enquiries, giving the sales side qualified interest rather than passive reach.

Education

- **Universidad CAECE** **Mar del Plata, Argentina**
2024-2027
 - *Bachelor's Degree in Marketing*
In progress, expected completion Dec 2027.
- **Universidad Tecnológica Nacional (UTN)** **Argentina**
2025
 - *Diploma in Oral Communication and Rhetoric*
Aug 2025 - Dec 2025.

Certifications

- **Google Data Analytics Professional Certificate** (in progress) – SQL, spreadsheets, data cleaning, visualisation and analysis.
- **Foundations: Data, Data, Everywhere** (Google) – completed.
