Retention- and CRM-focused digital marketer, data-driven. At BBVA I run daily CRM operations and guide 100+ customers per week toward digital channels, prioritizing retention and long-term relationships. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, visualization) to read metrics like open rate, CTR, conversion and deliverability and turn them into decisions. I am building toward an e-commerce email marketing role where segmentation, lifecycle flows and A/B testing connect content to revenue.
