Marketing professional focused on customer retention, with a detail-obsessed, execution-first way of working. At BBVA I run daily operations on the bank's CRM and communicate directly with over 100 customers per week, prioritising retention and long-term relationships. Across three summer seasons I owned the content calendar for multiple local brands at once, wrote conversion-oriented copy, briefed the visual work and QA'd every publish so nothing went out off-brand or late. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, visualisation) to compile clean performance reports, and I am building toward hands-on email and SMS execution on Klaviyo.

Core Competencies

- **Retention & lifecycle:** daily CRM operations focused on retention and customer experience; strong interest in welcome, abandonment, post-purchase and win-back flows, building toward hands-on campaign and flow execution on Klaviyo.
- **Campaign calendar ownership:** planned and kept content calendars current across multiple brands, flagging risks early and making sure nothing slipped.
- **Detail & QA:** catch errors before a publish goes live, not after; keep every send on-brand, on-time and error-free.
- **Briefs & design eye:** brief and QA visual content in Canva; know when something looks off-brand without building it myself.
- **Reporting & metrics:** comfortable in Excel / Google Sheets, compiling and explaining open rate, CTR, conversion and retention without hiding behind platform attribution (Google Data Analytics, in progress).
- **Tools:** CRM systems, Meta Business Suite, Canva, Google Sheets / Excel, SQL; building toward Klaviyo.
