Marketing professional focused on customer retention and lifecycle, with a data-first mindset and fluent Spanish and English. At BBVA I run daily operations on the bank's CRM and guide over 100 customers per week through digital-channel adoption, prioritising activation and retention across their journey. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, visualisation) to work funnels, cohorts and retention with metrics rather than intuition, and I am based in Argentina, ready to own lifecycle communications end-to-end for a fintech audience across email, SMS, push, WhatsApp and in-app.

Core Competencies

- **Lifecycle & retention:** daily CRM operations across the customer journey, from onboarding and activation to engagement and win-back; strong interest in trigger- and behaviour-based flows over blast campaigns.
- **Segmentation & personalisation:** grouping customers by behaviour and lifecycle stage to tailor communication; building toward scalable automation of lifecycle programs.
- **Funnels, cohorts & metrics:** SQL, spreadsheets, visualisation and analysis applied to marketing decisions; comfortable reading open rate, CTR, conversion, churn and retention (Google Data Analytics, in progress).
- **Copy & A/B mindset:** conversion-oriented copywriting and content-calendar QA across channels, with a habit of testing and iterating rather than shipping once.
- **Omnichannel & tools:** email and in-app messaging concepts, CRM systems, Meta Business Suite, Canva, Google Sheets / Excel, SQL; comfortable adopting AI tools such as Claude Code for content and analysis.
- **Languages:** Spanish (native), English (advanced).
