Marketing professional with hands-on CRM and customer-retention experience, currently learning Klaviyo on my own to move into DTC email marketing and lifecycle. At BBVA I run daily CRM operations and guide over 100 customers per week through digital-channel adoption, with retention as the core success metric, resolving more than 50 customer queries weekly. Across three consecutive summer seasons in social and content roles I planned monthly content calendars and wrote conversion-oriented copy for an online real-estate platform, judged by enquiries generated, not likes. I am completing the Google Data Analytics Professional Certificate (SQL, spreadsheets, data visualisation) to read retention and campaign metrics with evidence, and I have built and deployed three independent web products using Claude Code, built on the same Claude technology Natulim highlights in this posting. I do not yet have professional Klaviyo or DTC lifecycle experience and would learn fast on the job while contributing on segmentation, testing and retention analysis from day one.

Core Competencies

- **CRM & retention operations:** daily CRM management at a national bank, guiding 100+ customers per week through digital-channel adoption and resolving 50+ queries per week with retention as the explicit success measure.
- **Email marketing & Klaviyo** (in active self-directed training): currently learning Klaviyo flows and email marketing/CRM fundamentals on my own initiative, grounded in the Google Data Analytics Professional Certificate for metrics literacy; no professional Klaviyo ownership yet, disclosed honestly rather than implied.
- **Content & campaign execution:** three consecutive summer seasons running monthly content calendars for multiple local brand accounts, 15 posts per month across Instagram and Facebook via Meta Business Suite, adjusting angles season to season based on what drove engagement.
- **Conversion-oriented copywriting:** wrote posts for an online real-estate platform measured by enquiries and leads generated, the same "does it convert" logic a retention email is judged on.
- **Data-driven decisions** (in progress): SQL, spreadsheets and data visualisation applied to marketing metrics, to move from intuition to evidence.
- **AI-assisted product development:** built and deployed three independent web products (a marketing copy generator, an ecommerce analytics dashboard, a news portal) using Claude Code, integrating generative AI APIs and real data pipelines, built on the same Claude technology Natulim highlights in this posting.
- **Tools:** Klaviyo (learning), Meta Business Suite, Canva, banking CRM systems, Google Sheets / Excel, SQL, Claude Code.

Professional Experience

- **BBVA Argentina** **Mar del Plata, Argentina**
Gestor Express (Customer Adviser) *2026-Present*
 - Guide customer retention and digital-channel adoption: over 100 customers per week onboarded to the mobile app and online banking.
 - Run daily operations on the bank's CRM, maintaining accurate customer records and interaction history used for follow-up and retention actions.
 - Resolve over 50 customer queries per week, prioritising retention and customer experience as the core success measure.
- **Mar del Plata Digital** **Mar del Plata, Argentina**
Community Manager *2023-2025*
 - Managed social media accounts for local brands across three consecutive summer seasons (2023, 2024, 2025), the city's peak commercial period.
 - Built monthly content calendars and planned, scheduled and published 15 posts per month on Instagram and Facebook through Meta Business Suite.
 - Tested and adjusted content angles season over season based on what the engagement data showed worked.

- **Inmobiliatica.com** **Mar del Plata, Argentina**
2023-2025
Digital Marketing Assistant
 - Produced conversion-oriented content for an online real-estate platform: posts designed to generate enquiries and leads, not just likes.
 - Contributed conversion-focused content to the marketing team's digital communications strategy and the promotion of active listings across channels.

Education

- **Universidad CAECE** **Mar del Plata, Argentina**
2024-2027
Bachelor's Degree in Marketing
In progress, expected completion Dec 2027.
- **Universidad Tecnológica Nacional (UTN)** **Argentina**
2025
Diploma in Oral Communication and Rhetoric
Aug 2025 - Dec 2025.

Certifications

- **Google Data Analytics Professional Certificate** (in progress) – SQL, spreadsheets, data visualisation and analysis.
- **Foundations: Data, Data, Everywhere** (Google) – completed.
